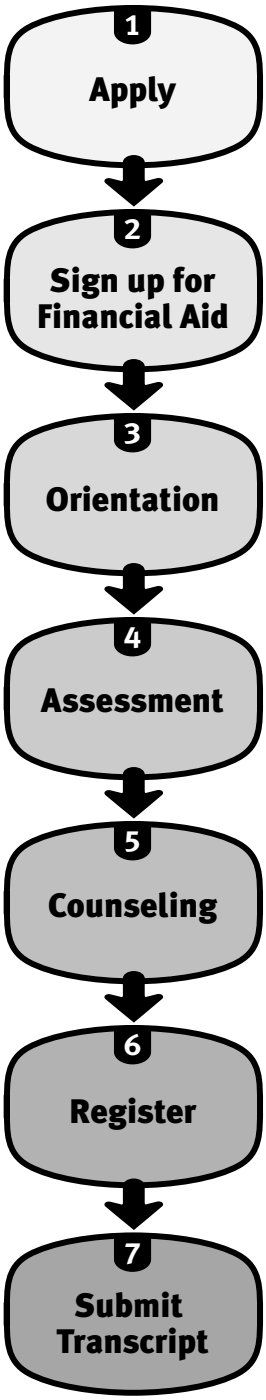
Steps to Enrollment

You must complete the following Student Success Support Program (SSSP) steps before you register for classes if you selected one of the following educational goals on your application:



- **Obtain an Associate Degree or Certificate**
- **Transfer to a university to complete a Bachelor's degree**
- **Improve your English, reading or math skills**
- **Discover career interests or prepare for a new career**
- **Undecided about your major**

Step 1 APPLY FOR ADMISSION

Admissions & Records, Building 2
(650) 738-4251

- Complete the *Application for Admission* online at **www.skylinecollege.edu; select "Apply".**
- You will receive email confirmations containing next steps.

Step 2 SIGN UP FOR FINANCIAL AID

Financial Aid, Building 2
(650) 736-4236

- Students who are US Citizens or Eligible Non-Citizens can apply for all types of Financial Aid at **www.fafsa.gov**.
- Students who meet the AB540, AB2000 or SB68 exemption requirements can apply for the California Dream Act at **www.caldreamact.org**.

Step 3 ORIENTATION

Counseling Center, Building 2
(650) 738-4318

Orientation will provide you with information about registration procedures, college policies, student services, academic expectations, and information on how to accomplish your educational goals. Also see skylinecollege.edu/orientation.

Step 4 ASSESSMENT

Assessment Center, Building 2
(650) 738-4150

Assessments determine your skill level in reading, writing, and mathematics. Students are offered multiple assessment options to determine an appropriate English/ESOL and Math placement.

Step 5 COUNSELING

Counseling Center, Building 2
(650) 738-4318

After you have completed the college orientation, schedule an appointment to meet with a counselor. During your counseling appointment a counselor will discuss your assessment results and help you select appropriate courses for the upcoming semester. A Student Education Plan (SEP) will be created for you based on your educational and career goals.

Step 6 REGISTER FOR CLASSES/PAY FEES

Upon completion of this process, you will receive an appointment to register through WebSMART.

Access your WebSMART student account for the following services:

- register for classes and pay fees
- access your student email – my.smccd.edu – all official electronic communication will be sent to your my.smccd.edu account

Learning Communities

What is a Learning Community?

Learning Communities are two or more classes, generally in different subjects or fields, designed to be taken together by a group of students in the Learning Community. This structure connects students to each other, their instructors, the college, and to academic and personal achievement. Courses have a common theme and coordinate their assignments, supporting students' learning from a multi-disciplinary perspective.

In Learning Communities, faculty members work together as a team to assist student learning through a collaborative and supportive learning environment. Students participate in groups, off-campus trips and special events to share ideas and help each other learn inside out outside of the classroom. Through this structure, students enjoy a greater sense of involvement with their peers and professors.

For more information on Learning Communities, please visit **http://www.skylinecollege.edu/learningcommunities**.

ASTEP: AFRICAN-AMERICAN SUCCESS THROUGH EXCELLENCE AND PERSISTENCE

The African American Success through Excellence and Persistence (ASTEP) Learning Community, open to all students, is a transfer and support program designed to provide culturally relevant curriculum and programming focused on the African American experience. While enrolled in ASTEP, students will receive personalized support, mentoring and leadership development from instructors, counselors and support services staff that will help them to overcome academic, personal and financial barriers. ASTEP students will also experience curriculum that is designed to improve skills in written and oral communication, critical thinking, life skills, and cultural and identity development while engaging in dialogue, texts, and history highlighting the African-American voice. ASTEP seeks to promote student retention and success in the core college-level courses, and support students with completing their degree requirements, transfer to four-year universities, and other educational goals. Core courses in the program include History, Counseling, Math, and Communication. For more information, please contact Danielle Powell at (650) 738-7182 or **powelld@smccd.edu**. You can also find more information online at **http://www.skylinecollege.edu/astep**.

CIPHER Hip Hop

The CIPHER (Center for Innovative Practices through Hip Hop Education & Research) Hip Hop Learning Community, open to all students, helps students increase their skills in English and Math and prepares them for success in college and in their career. CIPHER focuses on the culture and history of Hip Hop and promotes critical literacy, personal development, and social change within our communities. CIPHER also provides resources for students interested in the careers in business, music, fashion, teaching, psychology, and social justice studies. It is also designed to encourage students to obtain AA/AS/AA-T/AS-T degrees and/or transfer to a four-year university or other post-secondary institution to continue their studies. Contact Nate Nevado for additional information at **nevadon@smccd.edu** or at (650) 738-4388. You can also find more information online at **http://skylinecollege.edu/cipher/**.

** This class will be held in Skyline's Pacific Heights building, located across the perimeter road from Building 5.*

ENGINEERING & TECH SCHOLARS

The Engineering & Tech Scholars (ETS) Learning Community is an accelerated cohort program designed to engage and support students in Engineering, Computer Science, and Biotechnology pathways. Part of the Silicon Valley Engineering Tech Pathways Program, the ETS program helps students move through core Math, Physics and Chemistry major requirements together with support from faculty and a Student Support Specialist. Through supportive cohort-based and contextualized learning, academic workshops, tutoring support, STEM opportunities, paid summer internships at local tech companies, and hands-on projects in the brand new state-of-the-art Fabrication Laboratory, students progress from entry-level mathematics through intermediately advanced Science, Engineering, and Technology courses. The ETS program prepares students for an Associate's Degree, as well as transfer to a four-year university. For more information, contact Jenny Le at (650) 738-7048 or **lej@smccd.edu**. You can also find more information online at **https://www.skylinecollege.edu/engineering/engineeringtech.php**.

FIRST YEAR EXPERIENCE (FYE)

The First Year Experience (FYE) Learning Community is designed to support students new to Skyline College by fostering community. Supportive faculty and counselors collaborate with students through a set of chosen classes to establish a strong foundation for success in college. By enrolling in all the FYE classes, the student chooses to engage in a community of learners with a common goal of progressing through accelerated Math and English classes while learning important skills for student success. For more information, please contact the FYE co-coordinators, Jarrod Feiner at **feinerj@smccd.edu**, or (650) 378-4231 or Younga Choi at **choiy@smccd.edu** or (650) 738-4223. You can also find more information online at **https://www.skylinecollege.edu/firstyearexperience/**.

PUENTE

The Puente Program is a UC affiliated transfer and support program that gives students the instruction and assistance they need to achieve academic success and to transfer to a four-year college or university. Three components of the Puente Program work together to prepare Puente students for transfer:

• Counseling • English Instruction • Mentoring

The Puente Program makes coursework more lively and relevant for students through readings about the Chicano/Latino/Latinx experience. Puente students also receive academic, career, and personal counseling and advising and are connected to professional mentors as well as unique opportunities to engage in cultural events as well as explore Bay Area four-year university campuses.

The Puente Learning Community is open to all students. For more information on how to join the Puente Program, please call (650) 738-4146. You can also find more information online at **http://skylinecollege.edu/puente/**.

Note: A computerized checking system is in place to enforce any stated prerequisites. See the Online Catalog for more information.

TEACHER TRACK

The Teacher Track Learning Community is a great choice for students interested in a career working with young children, elementary school-age, or special education. The Teacher Track Learning Community provides a guided pathway that offers students the opportunity to take ECE./EDUC classes connected with hands-on work experience at Skyline College's Child Development Laboratory Center (CDLC) and a one unit course for guidance and reflection. Students will also be eligible for a small tuition reimbursement upon completion of each semester. The Teacher Track Learning Community offers professional growth opportunities, individualized advising and enrollment support, CA Permit application assistance for Assistant level after completion of the first semester and the Associate Teacher level after completion of the second semester. Students can choose to participate in this Learning Community for one or two semesters.

For an application more information about this program, contact Kristina Brower at **brower@smccd.edu** or call (650) 738-4304, and visit the program's website at **http://www.skylinecollege.edu/teachertrack.php**.

PROMISE SCHOLARS PROGRAM

The Promise Scholars Program at Skyline College is a comprehensive student support model that provides financial, academic, counseling and career supports to participating students. Promise Scholars benefit from an engaged student community and achieve their educational goals on an accelerated timeline by enrolling full-time and working closely with their counselors. Specifically, the program aims to dramatically increase the two-year and three-year graduation rates of participating students.

Promise Scholars Program course sections are designed to foster community and connection between Promise Scholars by providing opportunities to learn and grow together. Below is a listing of all Promise Scholars Program course sections available for the Fall 2019 semester.

Attention Students:

Registration for the Fall term begins on May 1, 2019. All fees or payment plans are due at the time of registration to prevent being dropped from your class(es). Past due balances will block you from registration.

IF YOU NEED ASSISTANCE TO PAY YOUR FEES, YOU ARE ENCOURAGED TO:

- Enroll in an inexpensive payment plan via WebSMART
- Apply for Financial Aid (**www.fafsa.gov**) at least five (5) business days prior to registering for your classes
- Complete the California College Promise Grant (CCPG) via WebSMART
- Refer to WebSMART for additional information.

If you still need financial assistance after exhausting all options listed above, please contact the Dean of Enrollment Services.

ART (ART)

(See also: DMAD and FILM.)

Art activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Art activity courses are offered in levels by progression. Courses are listed by title; for example, Black and White Photography, Ceramics, etc, and then by level. Level I is beginning; Level II is intermediate; and Level III is intermediate/advanced.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.

AUTOMOTIVE TECHNOLOGY (AUTO)

Automotive Course Repeatability: Course repeatability for those who have taken and passed an automotive course in the past is possible if you fall within the guidelines. You may repeat a previously passed automotive course if it has been longer than 36 months, if it is required by your employer or for employment, or if it is needed to pass certifications tests such as ASE certification or state automotive licensing. For more details refer to the "Course Repetition" section under "Policies" in this schedule. To find out more on how to petition to repeat an automotive course under these guidelines please contact Tom Broxholm at: (650) 738-4131 or **broxholm@smccd.edu**.

DRAMA (DRAM)

Drama activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Drama activity courses are offered in levels by progression. Courses are listed by title; for example, Acting, Rehearsal and Performance, etc, and then by level. Level I is beginning; Level II is intermediate; Level III is intermediate/advanced; and Level IV is advanced. The course number also indicates the level. For example, a beginning Acting class would be listed as DRAM 201.1, Acting I while an advanced Acting class would be DRAM 201.4, Acting IV.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.

KABABAYAN PROGRAM

(Refer to course listings under LEARNING COMMUNITIES, beginning on page 13.)

KINESIOLOGY

As a result of changes to Title 5 regulations, Kinesiology and Dance activity courses are no longer repeatable. Kinesiology and Dance activity courses are now offered in levels by progression. Courses are listed by title; for example, Basketball, Tennis, Ballet, etc., and then by level. Level I is beginning, Level II is intermediate, Level III is intermediate/advanced, and Level IV is advanced. The course number also indicates the level. For example, a beginning Tennis course would be listed as INDV 251.1, Tennis I, while an advanced Tennis class would be listed as INDV 251.4, Tennis IV.

Course levels may be scheduled simultaneously. New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken and successfully completed a course must progress to the next level.

Students are now limited to a maximum of four courses that are related in content which are considered a family. A family may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the changes) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

For information about these changes, what courses constitute a family, or if you are not able to enroll in a class, please contact Joe Morello, Division Dean of Kinesiology, Athletics and Dance, at (650)738-4271 or **morelloj@smccd.edu**. You can also refer to the Skyline College website at **http://skylinecollege.edu/physedkinesiology** for information.

Note: A computerized checking system is in place to enforce any stated prerequisites. See the Online Catalog for more information.

New Course Curriculum Regulations

Kinesiology and Dance courses are no longer repeatable due to recent changes in regulations. Courses are now offered in levels by progression, and are listed by title and then by level:

- Level I is beginning
- Level II is intermediate
- Level III is intermediate/advanced
- Level IV is advanced

New students are advised to enroll at Level I and be placed by their instructor upon assessment. Continuing students who have previously taken and successfully completed a course must progress to the next level. Course levels may be scheduled simultaneously.

Students are now limited to a maximum of four courses that are related in content and considered a family.

For information or assistance about enrolling and the new regulations, please contact Joe Morello, Division Dean of Kinesiology, Athletics and Dance, or visit:

Utilize technology to make yourself fit!

Interactive Cardiovascular Fitness is an online fitness course utilizing technology to verify performance via self-reported cardiovascular activities, including online assignments, testing and discussion. Students will learn to improve fitness through the use of cardiovascular activities such as walking, jogging, running or hiking. Students at all levels of fitness can participate.

To participate in this course, the Map My Fitness application on either a GPS enabled iPhone or Android based device is required. Please contact the instructor with any questions.

Benefits:

- Feel more alert and concentrate better when studying or at work
- Have more energy
- Enjoy a better quality of life
- Receive feedback via technology about performance
- Be able to engage in activity around your schedule

LEARNING COMMUNITIES

(LEARNING COMMUNITIES are listed beginning on page 13.)

LEARNING SKILLS (LSKL)

Supplemental Instruction

Supplemental Instruction (SI) is a voluntary academic assistance program that utilizes peer-led group study to help students succeed in traditionally difficult courses. SI sessions are led by Skyline College students who have previously completed the course successfully and have received SI training.

Supervised Peer Tutoring

Free peer tutoring is available to students in a variety of subjects at the Learning Center. Students must be enrolled in LSKL 803 to receive tutoring.

Interested in Becoming a Tutor?

The first step to becoming a peer tutor in the Learning Center is to register for LSKL 110, the tutor training course. Students completing LSKL 110 will receive course credit and earn the first step toward a CRLA Level 1 tutor certificate. With your CRLA certificate you will be eligible to work in The Learning Center as a tutor, as the budget permits.

LSKL 110 EFFECTIVE TUTORING AND PRACTICUM

Recommended: Eligibility for ENGL 100 or ENGL 105, or equivalent; and completion of MATH 120, or MATH 122 and MATH 123, or equivalent. Transfer: CSU.

HYBRID

96629	LSKL 110	HS	By Arr	8 Hours	HYBRID	Flores	1.0
			T	1:10-3:10	5-5102	Flores	

LSKL 110 HS will be taught online and on campus. Students must have Internet access and an email address. On campus meetings on Tuesdays 9/3, 9/17, 10/1 and 10/15, from 1:10-3:10 pm, in Room 5102. Remainder of class is held online. Instructor email: **floresr@smccd.edu**.

Dates for LSKL 110 HY: 9/3-10/22

Adjusting to college can be challenging. As a new student, you may feel overwhelmed with the academic workload, all of new terms and processes, and a new social setting.

What is Peer Mentoring?

Peer Mentors are continuing students who leverage their own skills and experiences to help other Skyline College students have a successful educational experience. Our mentors will work 1:1 with you to help identify challenges, set goals, and build skills.

Why work with a Peer Mentor?

- Set goals and develop strategies to succeed in college
- Improve time management and study skills
- Expand educational, leadership, career, and learning skills
- Develop positive daily routines and habits
- Increase social engagement and sense of belonging

MUSIC (MUS.)

(Dance courses are offered through the Physical Education Division.)

Music activity courses are subject to repeatability limitations. Students are now limited to a maximum of four courses per family. A family of courses may contain more than four courses. If there are more than four courses in a particular family, a student may only enroll in a maximum of four total courses within that family. A course previously taken by a student (prior to the legislation) within the identified family will count as a repeat and limit future enrollments of courses within that family to a maximum of four.

Music activity courses are offered in levels by progression. Courses are listed by title; for example, Piano, Guitar, etc, and then by level. Level I is beginning; Level II is intermediate; Level III is intermediate/advanced; and Level IV is advanced. The course number also indicates the level. For example, a beginning Piano class would be listed as MUS. 301.1, Piano I while an advanced Piano class would be MUS. 301.4, Piano IV.

New students are advised to enroll in the beginning level and be placed by their instructor upon assessment. Continuing students who have previously taken a course within a family, must progress to the next level.

What should I know about Distance Education (DE) courses at Skyline College?

The San Mateo County Community College District is committed to providing students and the community access to transfer education and workforce training through career/technical programs. Skyline College provides such access through Distance Education. Through Distance Education courses, all students will have access to earning associate degrees, credit for courses that satisfy transfer course requirements, and career/technical education. These courses are designed to give students greater freedom of scheduling, but they can require more self-discipline and as much time and effort as on-campus classes. For new or first-time DE students, please keep in mind the following:

- Online courses are recommended for students who can work well independently and have solid study skills and self-discipline.
- Online courses have parity with courses taught in the classroom and are transferable to most four-year colleges and universities.
- Students enrolled in online courses have the same status as students enrolled in on-campus courses.
- Online courses require as much time and effort as on-campus courses, yet give students greater flexibility with their schedules.
- It is important to have reliable computer access and Internet in your home. If you do not, computers are available at Skyline College or through your local library.

All communication between student and instructor occurs through the student email system known as "My.SMCCD". Information to set up and use the account can be found here: **http://my.smccd.edu/**

Skyline offers two different types of distance learning, Online or Hybrid courses.

Online Courses

Online courses are those in which the instructor and student are separated by distance for the entire course and can interact exclusively (100%) through the assistance of computer technology. The course is conducted through Skyline's Learning Management System called Canvas. The course may include text and sound and video links, in addition to other online resources. Students interact with the instructor and other students through posted class discussions, direct individual communication, and assignments (which may include group work). Testing may be done online, via proctoring arrangements, or by other means. Instructors require no mandatory on-campus meetings. If an instructor wishes to incorporate on-campus meetings into the course, the instructor/student will provide for alternative distance education means of student participation.

Hybrid Courses

Hybrid courses are those that substitute 51% to 99% of face-to-face instructional hours with online work, and have some regularly scheduled on-campus meetings without alternative distance education means of student participation.

We Respect Your Privacy

Skyline College helps protect its students' privacy and authenticates its students' identity by requiring secure login and password whenever a student registers for classes, review his/her enrollment information, or logs in to any other secure SMCCCD site. The District will not share student login and password information with anyone, and students are advised not to share their login and password information. A statement to this effect is posted prominently for students each time they login to WebSMART, the San Mateo County Community College District's electronic registration system.

Online/Hybrid courses will be taught in Canvas. Detailed information on Canvas and which courses will be taught in Canvas during the fall is available on the Skyline College Distance Education homepage:

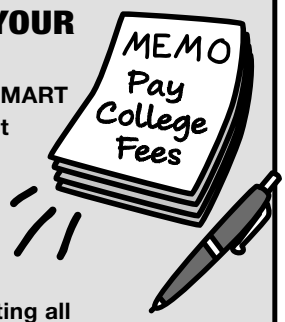
Attention Students:

Registration for the Fall term begins on May 1, 2019. All fees or payment plans are due at the time of registration to prevent being dropped from your class(es). Past due balances will block you from registration.

IF YOU NEED ASSISTANCE TO PAY YOUR FEES, YOU ARE ENCOURAGED TO:

- **Enroll in an inexpensive payment plan via WebSMART**
- **Apply for Financial Aid (www.fafsa.gov) at least five (5) business days prior to registering for your classes**
- **Complete the California College Promise Grant (CCPG) via WebSMART**
- **Refer to WebSMART for additional information.**



If you still need financial assistance after exhausting all options listed above, please contact the Dean of Enrollment Services.
