

SOURCE EVALUATION ASSIGNMENT

Name: _____

Date: _____

Evaluate one article or webpage relevant to your research topic by providing the following information:

1. Title of an article or web page; if it is a web page, also include the URL (link).
2. Type of source (Is it a web page, magazine article, newspaper article, academic journal article?)
3. Who is the author? What is his/her background and/or point-of-view? Is he/she credible? (If there are multiple authors, just check the first author)
4. a. If it is an article, what is the name of the publication (magazine, journal or newspaper)?
If it is a web page, what is the website and/or organization that the page is part of?

b. What is the purpose and/or point-of-view of the publication, organization or website?
5. Does the text show depth of research, does it contain documentation or support for the information provided or is it purely an opinion piece? Explain.
6. Would this be a good source to use for your research paper for this class?
