

Chemistry 210 (General Chemistry I) has the prerequisites of **Chemistry 192** (Elementary Chemistry) and **Math 120** (Intermediate Algebra.) Based on chemistry courses completed in high school, a student who has met the Math 120 prerequisite may be eligible to enroll in Chemistry 210 without first completing Chemistry 192.

To enroll in CHEM 210 at Skyline College without first completing CHEM 192, consider the following:

1. Have you completed a one-year **College-Preparatory (CP)**, **International Baccalaureate (IB)**, or **Advanced Placement (AP)** high school chemistry class with a weekly lab?
2. Did you receive a B- or a higher grade in each semester of the one-year high school chemistry class?
3. Can you provide documentation with a high school transcript?

If you answered yes to all questions above, complete this form and attach the necessary documents to enroll in CHEM 210. I plan to enroll in CHEM 210 in ___ Fall ___ Spring ___ Summer of YEAR: _____

Submit your **COMPLETED** request with **ALL REQUIRED INFORMATION** in any of the following ways:

IN-PERSON: Counseling Division, Bldg. 2 One-Stop Center **EMAIL:** skycounseling@smccd.edu
MAIL: Counseling Division, 3300 College Drive, San Bruno, CA 94066 **FAX:** 650-738-4195

Submit completed requests **ONLY ONCE** as multiple submissions may delay your response. Due to high demand during certain times of the year, it may take up to seven working days to process a request. **Incomplete forms will be denied.**

First & Last Name: _____ G#: _____ Date: _____

SMCCD email: _____@my.smccd.edu Telephone: () _____

Complete the following and attach a copy of your high school transcript(s) and other necessary document(s).

High school name & location: _____
Name City, State

Type of chemistry course completed (CP, AP, IB - see #1 above): _____

Grade you received in the course: Semester 1 _____ Semester 2 _____

Did the course include weekly laboratory work? Yes _____ No _____

Have you completed MATH 120 or MATH 123, or received appropriate placement test score? Yes _____ No _____
(High School coursework may not be used to meet prerequisite.)

Have you completed the math prerequisite at an institution outside the SMCCD district? Yes _____ No _____

I have successfully completed the course stated below, or received an appropriate placement test score, and believe it equivalent to the math prerequisite course. *(Attach a transcript/test result and description that demonstrates completion of the prerequisite.)*

Course Name and Number	Completed at what college/university	Course units and grade
Placement Test Taken and Score Received	Completed at what college/university	Date test was taken

Results of your request will be emailed to your MY.SMCCD email.

Office use only: _____ Approved. You are approved to enroll in Chemistry 210.
 _____ Denied. Reason: _____
 Faculty or Dean review completed by: _____ Date: _____
