

Course Assessment Report-- Four Column

San Mateo CCCD SKY Dept - Wellness

Department Assessment Linda Aldridge, MA
Coordinator:

Course Outcomes	Means of Assessment & Success Criteria / Tasks	Results	Action & Follow-Up
<p>SKY Dept - Cosmetology - SKY WELL 701 - Massage Therapy I - Massage Proficiency - Conduct basic client intake procedures and perform an appropriately timed, novice-level, cohesive, full-body relaxation/wellness massage while employing proper body mechanics. (Created By SKY Dept - Cosmetology)</p> <p>Start Date: 08/20/2012</p> <p>Course Outcome Status: Active</p>			
<p>SKY Dept - Cosmetology - SKY WELL 701 - Massage Therapy I - Musculoskeletal Anatomy and Kinesiology - Identify and locate structures of the human skeletal and muscular systems; demonstrate comprehension of basic principles of kinesiology and features of musculoskeletal/myofascial organization; employ anatomical, positional, and kinematic terminology relevant to the practice of massage. (Created By SKY Dept - Cosmetology)</p> <p>Assessment Cycles: 2012-2013</p> <p>Start Date: 08/20/2012</p> <p>Course Outcome Status: Active</p>	<p>Assessment Method: Students will complete written quizzes and exams covering all Outcome topics. They will also be evaluated by means of oral presentations and practical palpation exams (performances) assessing application of the information covered in the written exams. A combined score will be calculated for each student. Each student's raw score will be converted to a percentage (%) representing the proportion of correct responses out of the total possible on written, oral, and practical evaluation instruments.</p> <p>Assessment Method Category: Other</p> <p>Success Criterion: A student will have successfully met the Musculoskeletal Anatomy and Kinesiology Course Outcome if her/his combined score reflects 70% proficiency or above. Course design and implementation will be considered successful if no more than 10%</p>	<p>12/26/2012 - No students achieved less than 80% proficiency. See related document.</p> <p>Percentage Distribution for Proficiency (20 students in class)</p> <p>90-100, 14, 70% of students; 80-90, 6, 30% of students; 70-80, 0, 0% of students.</p> <p>Result Type: Criterion met</p> <p>Reporting Cycle: 2012 - 2013</p> <p>Related Documents: WELL701 MusculoSkeletalAnatomy Aggregate Calculated Scores F2012</p>	<p>12/26/2012 - We were pleasantly surprised to significantly exceed the standard we had set. Future assessments might examine the relative strength of the different kinds of learning students have, that is, future assessments could specifically highlight palpation skills, kinesiology comprehension, or anatomical structure identification to see which portions of the course outcome might be more or less robustly met.</p> <p>Action Plan Category: Develop new evaluation methods</p>

Course Outcomes	Means of Assessment & Success Criteria / Tasks	Results	Action & Follow-Up
	<p>of students fail to meet the 70% proficiency standard.</p>		
<p>SKY Dept - Cosmetology - SKY WELL 701 - Massage Therapy I - Principles and Effects of Relaxation/Wellness Massage - Recognize and describe general indications/contraindications for and benefits/effects of relaxation/wellness massage. (Created By SKY Dept - Cosmetology)</p> <p>Start Date: 08/20/2012</p> <p>Course Outcome Status: Active</p>
