		<i>Note on Wamba committee composition:</i> Emilie Hein is a full-time, tenure track Physics Faculty member. She is the only other full-time Physics Faculty at Skyline, so the only faculty member who can provide discipline expertise. As the Physics department faculty lead, Emilie works closely with Kolo and would like to provide support through the formal process of serving on his tenure committee. However, since she is still in the tenure review process herself, the dean does not want to burden her with the workload of chairing the committee.
