

***Please forward this message to all faculty, particularly faculty chairs, student equity committees, basic skills committees, online education committees, and curriculum committees. Colleges are encouraged support attendance by a team of faculty to return with strategies that your college can use to improve service to our students and communities.

Instructional Design and Innovation Institute

March 17-18, 2017| San Jose, CA

[Register today!](#)

Overview:

The Academic Senate for California Community Colleges is pleased to announce the second annual **Instructional Design and Innovation Institute**. This institute will focus on strategies to improve student success and build more effective college programs for all faculty as the audience. Discussions will include many exciting and timely topics like cultivating partnerships to create new opportunities for students, improving the collaboration between instruction and student services on our campuses, discovering different strategies in curricular design, integrating instructional technology into the classroom to enhance teaching, and effectively institutionalizing innovative programs to ensure they do not disappear.

The institute is focused on four strands to meet the conference goals:

- *Faculty Professional Development*
- *Campus Culture of Innovation and Leadership*
- *Cultural Competency Across the Curriculum*
- *Innovations in Teaching and Learning*

In addition, general sessions focus on *Guided Pathways*, *Quantitative Reasoning*, and *Campus and Community Culture Shift*.
