

**CURRICULUM COMMITTEE
GOALS AND PROJECTS
2011-2012**

1) Update Curriculum Processes

- a) Continue work with the District steering committee to implement CurricUNET as the curriculum management system for Skyline
- b) Develop a Curriculum Committee professional development process that broadens the knowledge of curriculum issues for Curriculum Committee members
- c) Reevaluate Program Review in light of SLO's and review the Student Services Program Review instrument, including consideration of SLO's.

2) Update Major and Degree Requirements

- a) Review and make any necessary changes to Associate Degree general education
- b) Continue development and submission of Skyline transfer degrees per Transfer Model Curriculum guidelines
- c) Continue to develop the AA/AS General Education Certification process
- d) Review Associate Degree general education courses for status and whether they should be inactivated or deleted

3) Promote Curriculum Integrity

- a) Work with the Dean of Planning, Research and Institutional Effectiveness to identify the best and most consistent methodology for completing the appropriate level of scrutiny in the establishment of prerequisites for courses in accordance with Title V
- b) Review and evaluate the processes used to approve distance education
- c) Evaluate course repeatability

4) Accreditation

- a) Continue to work with the SLOAC Steering Committee to facilitate completion of an increased number of program and course assessment cycles through Program Review as required by the Accrediting Commission
