

SLOs on the ROAD

Invite an Assessment Coach to your department/program meeting!

What can Skyline College faculty do to demystify expectations in the college classroom?

College can be overwhelming, with the course load more demanding than high school. Flooded by information in textbooks and from lectures, what should students prioritize? What will students do with this information? How can students demonstrate mastery? And how will this work be evaluated?

SKYLINE COLLEGE

If your department/program is interested in engaging in a concerted discussion around such questions about teaching and learning, take advantage of this opportunity! Assessment coaches will do their best to accommodate your needs during your regularly scheduled meeting on any of the workshops above, working with you to shape the workshop to your discipline's expectations and needs.

Please contact Karen Wong at x4369 or wongk@smccd.edu for more information.
