## Introduction

The data in the attached frequency tables comes from the Fall 2022 Skyline College Campus Climate Survey. Skyline College students over 18 years of age were invited to participate via email. 1170 respondents were included in the final analytical sample. Please see the report for more detail on which responses were removed from the final sample.

The disaggregated categories in this document were derived from the demographic items on the survey. Please see the methodology section of the report for information on how students were assigned to demographic groups.

## Student Profile

### 1. Which of the following best describes your college major/primary area of study? (Select one)

#### All Respondents

# A tibble: 6 x 3

## Sense of Belonging at Skyline College

9. In thinking about your experience as a Skyline College student inside and outside the classroom, please rate the extent to which you agree or disagree with the following statements:

Skyline College provides a welcoming environment.

### All Respondents

```
# A tibble: 6 x 3
  sb_welcomeenviron n valid_pct
  <dbl+lbl> <int> <chr>
1 1 [Strongly Agree] 693 61.5%
2 2 [Agree]          373 33.1%
3 3 [Disagree]        18 1.6%
4 4 [Strongly Disagree] 4 0.4%
5 5 [Dont know/Not sure] 38 3.4%
6 NA                 44 <NA>
```

I know at least one Skyline College instructor whom I could ask for a letter of recommendation.

### All Respondents

```
# A tibble: 6 x 3
  sb_letterofrec      n valid_pct
  <dbl>+<lbl> <int> <chr>
1 1 [Strongly Agree]    503 44.8%
2 2 [Agree]            313 27.9%
3 3 [Disagree]         107 9.5%
4 4 [Strongly Disagree]  40 3.6%
5 5 [Dont know/Not sure] 160 14.2%
6 NA                  47 <NA>
```

## Quality of Interactions and Relationships at Skyline College

10. In thinking about your experience as a Skyline College student, rate the extent to which you agree or disagree with the following statements:

Other students at Skyline College treat me with respect.

### All Respondents

```
# A tibble: 6 x 3
  ed_studentrespect      n valid_pct
  <dbl+lbl> <int> <chr>
1 1 [Strongly Agree]    469 43.9%
2 2 [Agree]            504 47.1%
3 3 [Disagree]         20 1.9%
4 4 [Strongly Disagree] 6 0.6%
5 5 [Dont know/Not sure] 70 6.5%
6 NA                  101 <NA>
```
