Describe the activity or product that you will be purchasing with this funding. Description must include how it will serve the students of Skyline College.

As a club we are trying to buy cameras and equipment that we can use now and for future club members. the way this equipment will serve the club is that we will be able to provide equipment for those that do not own a camera but are interested in the art of photography. this also will serve the other clubs at skyline, by providing the clubs with photography services. if we obtain more cameras then it is easier for the club members to cover more events at Skyline and have a more hands on experience learning this craft.
we thank you for taking the time to consider our request.

regards,
David Monrroy
Skyline Photo Club President.

Describe purpose and desired outcomes of event or distribution/use of product

we plan to use these cameras and equipment to provide photography services to the college and the other clubs at Skyline,
main purpose for this cameras is so that more of our club members that are not able to buy a camera of their own can have access and use of one whenever we have a school activity, therefore being more active in the club and have more time to learn photography while being of service to our College.

Program/Activity Presenters

Include names and biographies of all paid performer/facilitators/educators
