Senators: None

Skyline College Administration:

Dr. Lauren Ford, Vice-President of Student Services, acknowledged that Chancellor Moreno sent a message on Friday of last week regarding students of our district detained. Dr. Ford stated they have been in touch with the students to firstly inform them, and also communicate about the best ways to support without getting in the way of the current legal teams of the students. Letters of support have been sent to the students' legal team to be a benefit through the legal proceedings. This is so students who want to stay in the state when moving forward with the legal proceedings can be supported amidst the bond release.

President Rosetes: Is there anything we can do to support the students and their families?

Dr. Lauren Ford: We've been in communication with faculty in regards to the students and the classes they are registered for to keep academic standing. As it's ever evolving we cannot share the students' identities, but we're working with student support systems in every way that we can.

President Rosetes: What can we do as the student government to help the situation?

Dr. Lauren Ford: As things are constantly evolving, we are staying in the needs of the students due to the legal teams; but Dr. Ford states to reach out in case of specific requests.

Manager Alvin Macaldo-Gubatina: Understanding there's a GoFundMe for legal needs for a student— would ASSC be able to share?

Dr. Lauren Ford: Yes, as it's been posted publicly. If more funding links have been shared, it will be forwarded.

President Rosetes: To clarify we are only able to share on individual pages, not the ASSC Instagram?

Dr. Lauren Ford: Will clarify whether the student board is able to share without restriction or causes, but urges sharing on individual pages.

Advisor Reports:

Manager Alvin Macaldo-Gubatina: working with President Rosetes and Vice-President Ramos outlined the contents of the “ASSC 26-27 Proposed Budget” Excel document. 5031 Club Assistances/SOCC was raised to \$14,000, a roughly \$9,000 increase, due to trends recognizing clubs requisition funding. 5150 Programming is \$50,000, which roughly translates to \$5,000 allocated per month. 5183 Student Assistant-Salary had been lowered to \$45,000, which predicts fewer hours for student assistants per week or the amount of students working at a time. We are seeing a decrease in funding, possibly due to a decrease in enrollment throughout the state of California.

Point of Information by Vice-President Ramos about being able to access “ASSC 26-27 Proposed Budget” Excel document.
